

Dr. Bath and Staff,

Thank - you for all
the love, kindness,
compassion, and support
you have given to our
family. We are
thankful and blessed
to be in such
good hands !!
😊

Dear Dr. Bath,
many thanks to you, Shannon and the
entire staff for seeing me through my
implant process. It was quite an ordeal
for me, but from the first meeting, I felt
informed, confident and, odd as it may
sound, safe. The concern and personalized
attention was appreciated more than
you know. On my first visit back to
Dr. Certe, I thanked him for referring
me to you. Many friends and family

members have heard my saga, but
never without details about the
positive experience I had with
PMFS.

Thank you, too, for the surprise; what a
nice surprise! Best wishes to you all,
and I'll see you next April for my
one-year mark.

I will highly recommend you to everyone I know!

Thanks again & God bless you all!

Dear Dr. Bath

I appreciate you working my daughter, Sarah, into your busy schedule yesterday. Also, thank you for taking a few minutes to follow up after the procedure ... your customer care is great.

I am in the customer care business as well. If I can help please let me know! Regards,
